Voluntary financial contributions
We appreciate the ongoing support of our school community in providing high quality learning programs and facilities for our students. Any contributions are gratefully received and used to enhance the opportunities available to all children.
Buildings Fund (tax deductible) A donation to the Buildings Fund will assist in providing great facilities for your children to learn and collaborate. In 2020 we are planning a facelift of our communal areas and shared spaces with a focus on internal painting.
Grounds Fund The Buildings and Grounds Committee and School Council are committed to delivering ongoing improvements to the Grounds at FCPS so that we can maximise the gardens, play spaces and sporting facilities for the whole community to enjoy. We will be working with landscape architects and a design team to develop a 'Master Plan' for the FCPS grounds, with opportunities for input from our students and families throughout this process. This will see us have a 3-5 year plan for enhancing our school environment and donations received through the Grounds Fund will support the Master Plan process and the delivery of these important initiatives.
Student Engagement and Wellbeing Fund We encourage families to contribute to our Student Engagement and Wellbeing Fund. Your contribution will help to support every child to fully participate in school and classroom activities, providing a sense of belonging and inclusion.
